

# TECHNICAL SPECIFICATIONS

## **DORIA CENTRAL**

### 1 Side

Electric combustion	OK
Dry vapor flame	OK
LED light W	125W
Water tank – Operation H	08/10 H
Remote control	Ok
Heater	No
Electrical connection W	220w
Accessories	Ok

Electric burner with dry vapor flame effect that creates a highly realistic fire simulation.

This effect is achieved through the visual interplay between the vapor and the LED light, produced by low-consumption 125W bulbs, without generating any moisture or condensation.
